Angelique Porter

Savanna-La-Mar, Westmoreland, Jamaica | 1(876)791-2530 | angeliquep1718@outlook.com

EDUCATION

Montego Bay Community College   Montego Bay, St. James
B.S. Management of Information Systems   *2020 – 2024*
- Courses - Web Development, Mobile App Development, Computer Programming, Introduction to Small Business Management etc.

PROJECT EXPERIENCE

Ecommerce Site
Group Project   *May 2021*
- Made with HTML, CSS3 and JavaScript. A shopping site that has 20+ items currently listed for sale. It has an animated navigation bar as well as an empty cart.

Movie App
Self-made   *September 2021*
- Made with HTML, CSS3, Ajax, jQuery, PHP and JavaScript. It features a fully functional login and sign-up page that is linked to a database. It also can stream movies and tv shows.

Food Delivery App
Group Project   *January 2022*
- Made with HTML, CSS3, and JavaScript via Apache Cordova. A food delivery app that held select items from three restaurants in my surrounding community.

Social Site
Group Project   *January 2022*
- Made utilizing ASP.Net and SQL. A social website that allows users to log in, sign up and upload image posts

QR Code Generator
Self-made   *March 2022*
- Made with HTML, CSS3, and JavaScript and generates a QR Code from text and URL input from users.

VOLUNTARY EXPERIENCE

Kiddies Kindergarten and Preparatory School   Savanna-La-Mar, Westmoreland
                                                                                                                  June – July 2021

- Assisted with the registration of students and upkeep of computer systems
