Angelique Porter

Savanna-La-Mar, Westmoreland, Jamaica | 1(876)791-2530 | angeliquep1718@outlook.com

OBJECTIVE

A self-motivated IT professional with exceptionally great knowledge and proficiency in HTML, CSS, JavaScript, PHP, and mobile responsive web development, as well as strong skills and ability in writing clean and efficient code.

EDUCATION

Montego Bay Community College   Montego Bay, St. James
Associate Degree in Management of Information Systems   *2020 – 2024*

- Courses - Web Development, Mobile App Development, Computer Programming, Introduction to Small Business Management etc.

Manning`s School   Savanna-La-Mar, Westmoreland
Diploma   *2015 – 2020*

- Completed the following subjects at the CSEC level:
  Principles of Business
  Mathematics
  Information Technology
  Office Administration
  English Language
  Social Studies

PROJECT EXPERIENCE

Movie App
Self-made   *September 2021*

- Made with HTML, CSS3, Ajax, jQuery, PHP and JavaScript. It features a fully functional login and sign-up page that is linked to a database. It also can stream movies and tv shows.

Food Delivery App
Group Project   *January 2022*

- Made with HTML, CSS3, and JavaScript via Apache Cordova. A food delivery app that held select items from three restaurants in my surrounding community.

Social Site
Group Project   *January 2022*

- Made utilizing ASP.Net and SQL. A social website that allows users to log in, sign up and upload image posts

QR Code Generator
Self-made   *March 2022*

- Made with HTML, CSS3, and JavaScript and generates a QR Code from text and URL input from users.

Bakery Website
                                                                                                April 2022

- I was given the task to create a responsive website to showcase the pastries we had for sale. This was a part of our small business management course, and I created the website using Html, CSS and JavaScript. This website is located at bakeryconnection.github.io .

VOLUNTARY EXPERIENCE

Kiddies Kindergarten and Preparatory School   Savanna-La-Mar, Westmoreland
                                                                                              June – July 2021

- Assisted with the registration of students and upkeep of computer systems
